Clinton, IA 52732

IAD074303771

Dear Sir:

This Department has assumed responsibility for implementation of the Federal Resource Conservation and Recovery Act (RCRA) in the State of Iowa from the United States Environmental Protection Agency. Your business has been identified by that agency as a hazardous waste treatment, storage, or disposal (TSD) facility.

This notice is sent to inform you of your financial assurance responsibilities as a hazardous waste TSD facility. These responsibilities are outlined in 40 C.F.R. 265.140 through 265.148 and 264.151 which are adopted by reference in rules 900--141.6 and 141.5 (455B) I.A.C. These regulations and rules are enclosed.

Owners and operators of TSD facilities must demonstrate financial assurance for the costs of closure and post-closure care and for liability coverage for sudden and non-sudden accidents as appropriate. Except for liability insurance, this demonstration must be updated ANNUALLY and submitted to the Department. These documents must be originals, not photocopies.

Closure and Post-Closure Assurance

As an owner or operator of a hazardous waste treatment, storage, or disposal facility, you are required to submit information that demonstrates that you are financially capable of bearing the costs of closing your facility. In addition, if you own or operate a DISPOSAL facility, you also must submit information that demonstrates that you are capable of covering the costs of post-closure care of your facility.
